JIB CRANE PL150

FEATURES

The Farnese Jib Crane PL150 is a powerful, labour-saving lifting solution designed for one-person operation. With a robust 150 kg lifting capacity and a 270° rotating jib arm, it significantly enhances workplace efficiency and productivity. Its intuitive controls and electric lift system allow for smooth, precise handling, making it ideal for repetitive lifting tasks. The PL150 is perfect for industries where speed, safety, and precision are essential, helping streamline operations while reducing the need for multiple workers.

Beyond efficiency, the Farnese Jib Crane PL150 is engineered with safety in mind. It eliminates the risk of back injuries by removing the need for manual lifting and protects valuable materials from damage with its vacuum lifting system and adjustable pads. The durable, powder-coated finish ensures long-lasting performance. Whether you're lifting panels, glass, or other delicate materials, the PL150 delivers unmatched control and care.
